PLASTIMAK®

Alüminyum – Kutu Isı Yalıtım – Isı Bariyer Aluminum – Box Thermal Heat – Thermal Barrier

Zengin ürün yelpazemiz ile taleplerinize arz edilecek alüminyum ile birlikte kullanılan alüminyum sistem ve ısı yalıtım profillerimiz karşınızdadır...

Alüminyum profillerimiz diye adlandırmamızın sebebi, alüminyum profillerinin arasında birleştirici olarak kullanılmasından, ısı transferini kesmesinden mütevellittir. Bu özelliklerin tamamını içinde barındıran bu profillerimize talep, gelişen teknoloji sayesinde artmakta ve bizim alüminyum profillerimiz diye adlandırdığımız bu profillerin, alüminyumlar ile birlikte kullanılmasından ve bazı durumlarda alüminyum profillerinin yerini almaya başlamasından gurur duymaktayız.

Kendi bünyemizde bulunan kalıphanemiz sayesinde, bu ürün çeşitliliğimizle sınırlı kalmamaktayız.

Biliyoruz ki gücümüz sınırsızlığımızda saklı.

Bütün çalışmalarımız sizin işlerinizi kolaylaştırmak içindir.
Siz isteyin biz yapalım.

We present our aluminum system and heat isolation profiles, which are used with aluminum and will be offered for your demands with variety of our profiles.

The reason why we name our products as our aluminum profiles originates from the fact that aluminum profiles are principally used as connectors, preventing heat transfer. The demand for our profiles that contain all these properties within themselves has been increasing owing to the advancing technology and we are proud that the profiles, which we name as our aluminum profiles, are being used with aluminum and started taking the place of aluminum profiles in certain cases.

Our product variety is not limited with our existing products, thanks to the molding house within the body of our company.

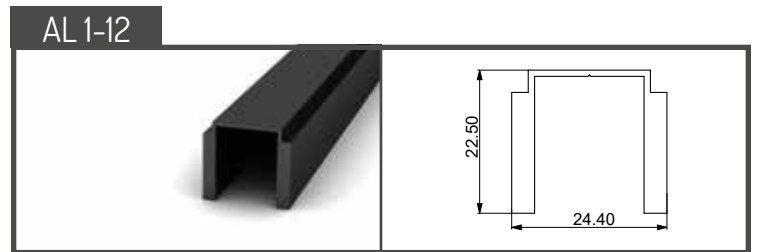

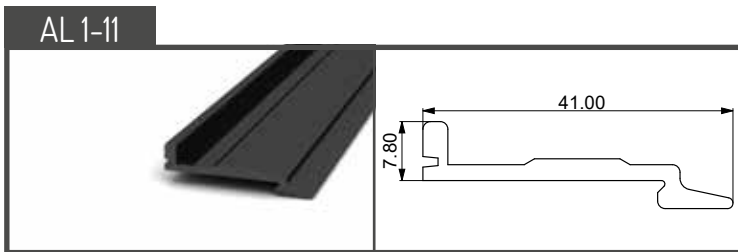

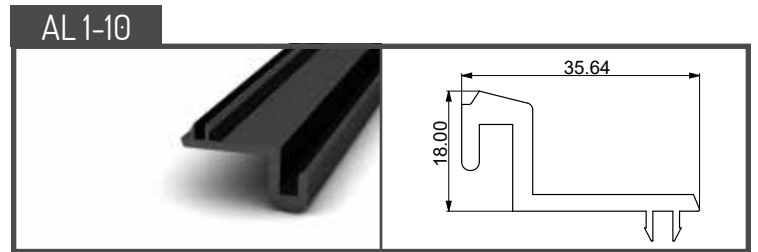

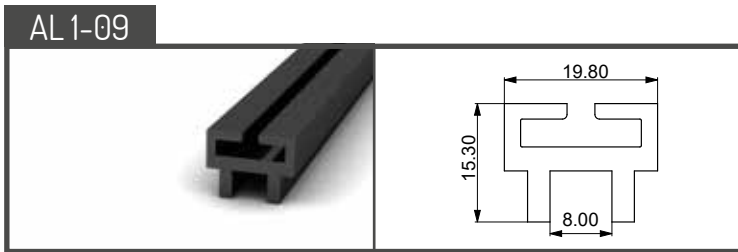

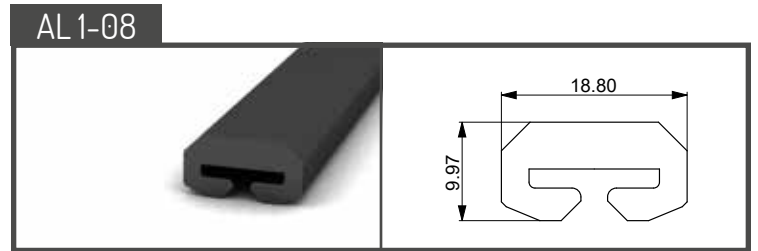

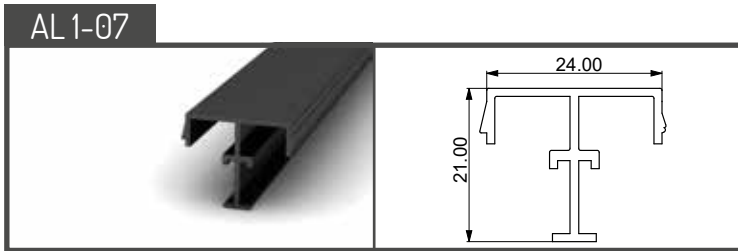

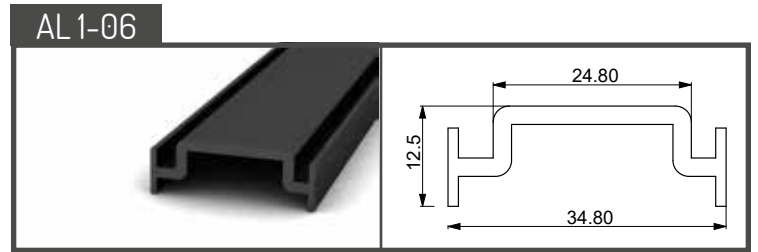

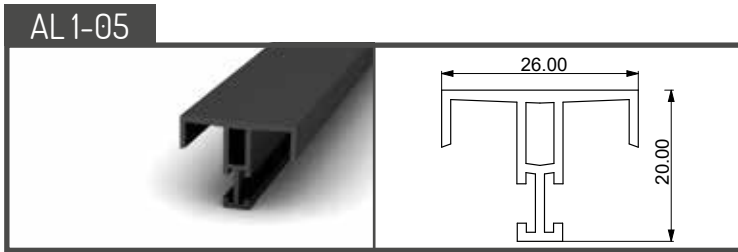

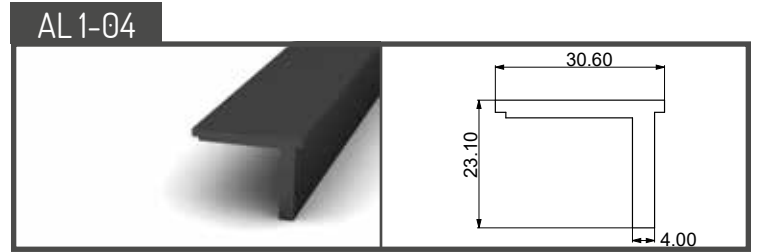

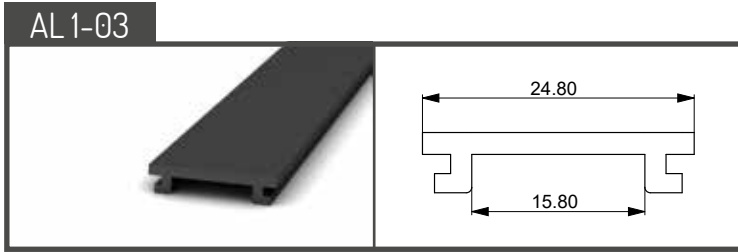

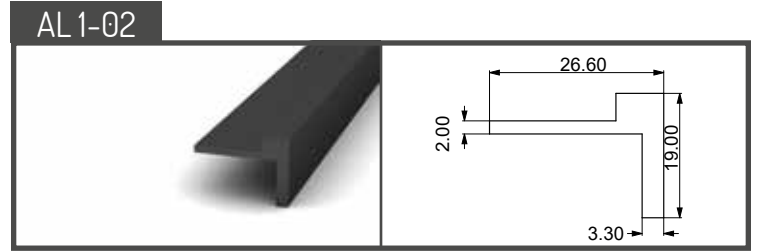

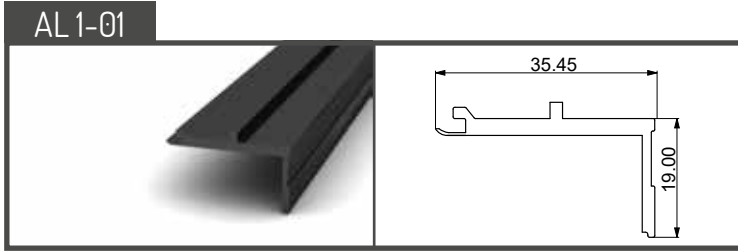

We know that our power lies in our limitlessness.

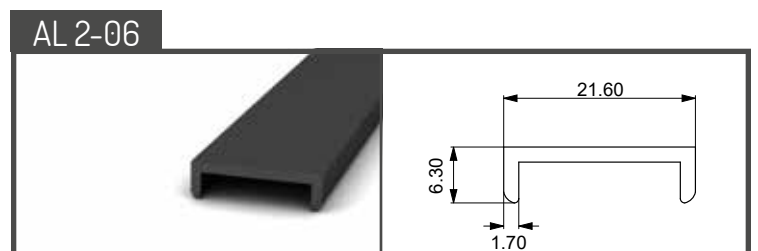

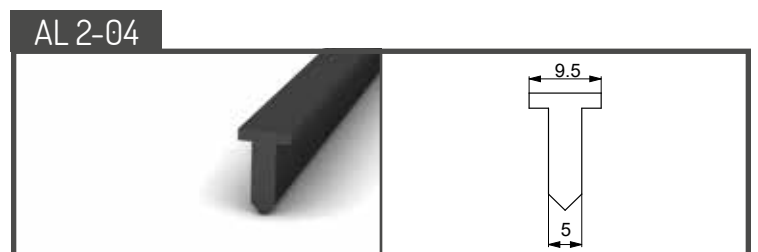

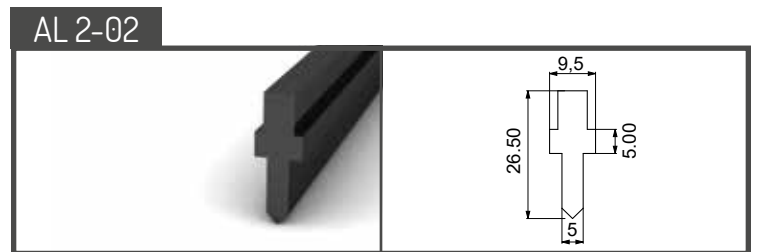

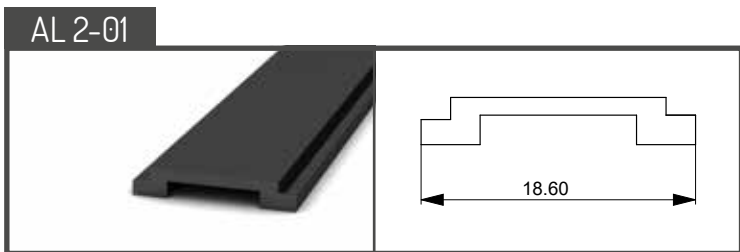

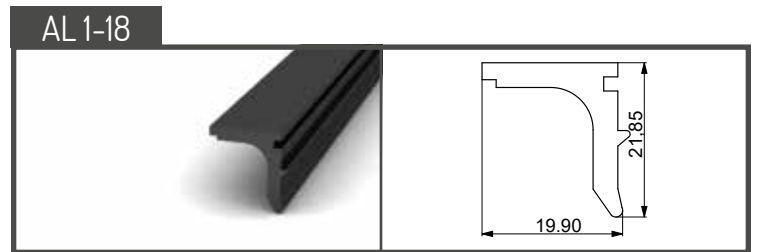

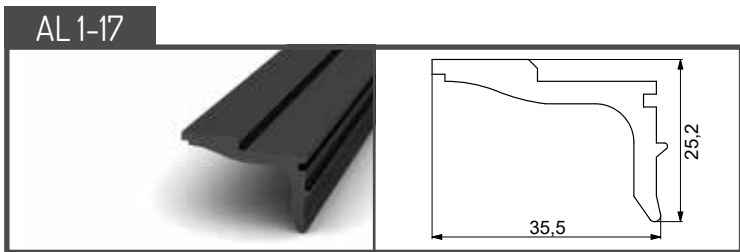

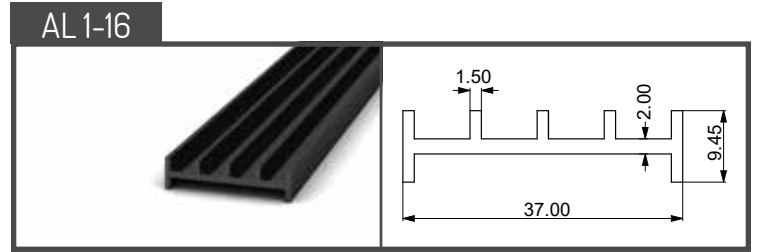

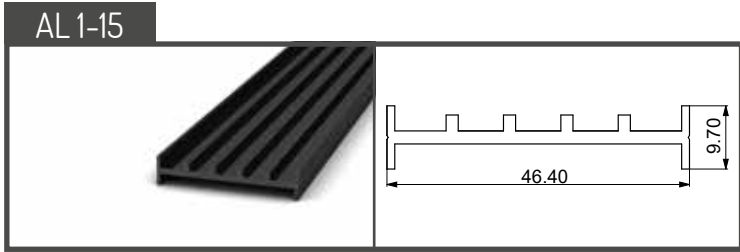

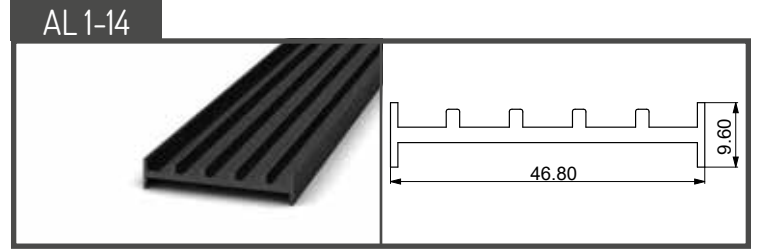

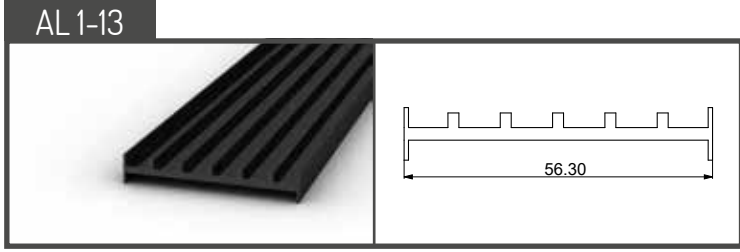

All our endeavors are for making your business easier.

You request, we realize.

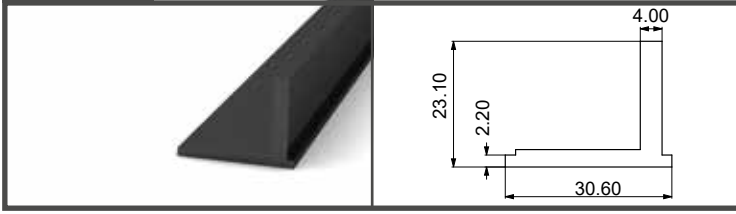

Alüminyum Aluminum

The logo for PLASTIMAK features a stylized 'P' icon on the left, composed of a red square and a blue square. To the right of the icon, the word 'PLASTIMAK' is written in a bold, sans-serif font. The letters 'PLASTI' are blue, and 'MAK' is red. A registered trademark symbol (®) is located at the top right of the word.
